

## MLFA

### Metal Film AEC-Q200 Qualified Melf Resistors

**RALEIGH, NC** (Feb. 9, 2016) – Stackpole announces the release of the MLFA series of AEC-Q200 qualified precision metal film melf resistors. AEC-Q200 has become an important passive component qualification standard for a variety of industries and end products and is no longer merely an automotive requirement. The MLFA meets all of the requirements of AEC-Q200 with exceptionally stable performance. The MLFA offers high power ratings of 0.4W in an 0204 size and 1W in an 0207, tolerances down to 0.1% and TCR as low as 15 ppm.

Pricing for the MLFA varies with size, resistance value, tolerance, and TCR. Contact Stackpole or one of our franchised distributor partners for volume pricing.

For more information about Stackpole products, contact Stackpole Electronics, Inc. at 2700 Wycliff Road Suite 410, Raleigh NC 27607; phone 919-850-9500; email [marketing@seielect.com](mailto:marketing@seielect.com); or visit the website at [www.seielect.com](http://www.seielect.com).

Stackpole Electronics Inc. is a leading global manufacturer of resistors. Headquartered in Raleigh, N.C., the privately held company began manufacturing in 1928 as part of Stackpole Carbon Company in St. Mary's, Pennsylvania. Now part of the Akahane Stackpole Manufacturing Group, Stackpole has facilities in Japan, Taiwan, China, the US and Mexico.
