

SM4527

Stackpole Expands the Resistance Value Range for the SM4527 Size SMD Wirewound

RALEIGH, NC (Oct. 12, 2016) – Stackpole Electronics, Inc. has expanded the resistance value range for its SM4527, the 2W surface mount molded wirewound. Resistance values were limited to 0.01 ohm to 0.05 ohms, but now, the robust SM4527 offers values up 1K ohms in tolerances of 1% and 5%. This expansion allows for this popular size to be used for a wider range of applications that require a 2W surface mount resistor with the robust electrical performance and excellent TCR that wirewound technology provides.

Pricing for the SM4527 ranges from \$0.35 to \$0.95 each in full reel quantities. Contact Stackpole or one of our franchised distribution partners for volume pricing.

For more information about Stackpole products, contact Stackpole Electronics, Inc. at 2700 Wycliff Road Suite 410, Raleigh NC 27607; phone 919-850-9500; email marketing@seielect.com; or visit the website at www.seielect.com.

Stackpole Electronics Inc. is a leading global manufacturer of resistors supplying to the worlds largest OEMs, contract manufacturers and distributors. Headquartered in Raleigh, N.C., the privately held company began manufacturing in 1928 as part of Stackpole Carbon Company in St. Mary's, Pennsylvania. Now part of the Akahane Stackpole Manufacturing Group (ASMG), Stackpole has manufacturing facilities in Japan, Taiwan, China and Mexico; warehousing facilities in El Paso, Shenzhen and Japan; and international sales offices in Tokyo, Taipei, London, Hong Kong and Shenzhen.
