

CERTIFICATE of COMPLIANCE

Toxic Substances Control Act (TSCA)

U.S. Environmental Protection Agency (EPA) List Update: January 6, 2021

As required under the Toxic Substances Control Act (TSCA), EPA issued five final rules on January 6, 2021 to reduce exposures to certain chemicals that are persistent, bioaccumulative and toxic (PBT).

Stackpole Electronics Inc. has reviewed this PBT list and none of our products contain the below substances in a concentration or form that would produce toxicity. Chemicals used in manufacturing are in compliance with EPA regulations.

- Decabromodiphenyl Ether (decaBDE) – CASRN: 1163-19-5
- Phenol, Isopropylated Phosphate (3:1) (PIP 3:1) – CASRN: 68937-41-7
- 2,4,6-tris(tert-butyl)phenol (2,4,6-TTBP) – CASRN: 732-26-3
- Pentachlorothiophenol (PCTP) – CASRN: 133-49-3
- Hexachlorobutadiene (HCBd) – CASRN: 87-68-3

We are committed to ensuring continuing compliance with hazardous substances initiatives such as RoHS, REACH and TSCA. We will continue to monitor any changes to the legislation. If you require further information about the impact of TSCA on our products, or if you have questions about our compliance with other regulatory statutes, please contact your Stackpole customer service representative.
